CALL FOR PAPERS

Awaiting your presentation
abstracts for our open call, we
welcome submissions centered on
psychoanalytic psychotherapy from
all interested individuals.
efpp-conference2024.com

Dear Colleagues,

The European Federation for Psychoanalytic Psychotherapy is pleased to invite your membership to actively participate in our four-section conference in **Warsaw, Poland, on 27-29 September 2024.**

The conference asks: **A DIFFERENT WORLD? Psychoanalytic Psychotherapy and Relatedness in Stormy Times.**

For this scientific EFPP flagship event, we would like to also invite members of European psychoanalytic psychotherapy institutions that are NOT members of the federation. We want to encourage a broad and diverse tapestry of dialogue with colleagues from across the field and across different psychoanalytic organisations.

After years of COVID and online work and seminars, we feel it is time to meet face to face for open psychoanalytic dialogue, vibrant discussions, clinical observation and theoretical explorations. The EFPP is the proud home of 4 separate psychoanalytical modalities or sections, receiving representation and delegation for all or some of the 4 sections, from 37 European national networks.

The child and adolescent, adult, couple and family as well as the group section all root in the same psychoanalytic theoretical foundation but present in diverse and complex clinical manifestation.

For the EFPP it has always been a matter of principle to encourage through clinical presentations and discussion among the sections a cross-fertilisation of ideas to enrich the theoretical understanding and practice of clinicians across modalities.

It is with this in mind that we want to invite you to join us in September in Warsaw not just as an observer but as an active participant. Bring your experience, submit a paper, present your ideas, go to our website, and check out our guest speakers from the different modalities. See how you can participate, and secure an early bird admission. <https://vimeo.com/902385611?share=copy>.

We are looking forward to welcoming you amidst European colleagues from East and West, North and South in a thriving and dynamic European city to share the vicissitudes and dynamics of our common home and profession.

All information about the conference can be found on the next page and here:
