**New EFPP e-Journal Release and Call for Papers:
Exploring the Theme « On Beginnings »**

Dear Board Members, Chairs and Representatives of the EFPP Sections, dear Delegates,

We are delighted to give you fresh news of the e-Journal, and to inform you of its new Editorial Committee.

It is worth remembering that the e-Journal was launched by Gila Ofer (*Delegate and former EFPP Board Member*) in 2012. Gila ensured its management and development until October 2023. Her vision and commitment have been a true source of inspiration, and we extend our heartfelt gratitude for her invaluable contributions.

The e-Journal – the EFPP’s electronic Journal – is a platform that allows all individuals, members of National Networks, regardless of the status of membership in the EFPP, to publish articles in their preferred language.

What makes this platform so original is that you can write and share your thoughts in your mother tongue.

With the aim of continuing to think about and develop the philosophy of the e-Journal, and to be creative in what guides us in this project, it seemed natural to us – as beginners in the task – to join forces to take over from Gila. So, we set up an Editorial Committee:

Co-Chairs: Sanem Tayman (Adult Section) and Malby Oliver (C/A Section)

Members: Alix Vann Nicollier (C/A Section), Odile Gavériaux (member of the Board), Maria Eugenia Cid (EFPP President)

It would be good to have a member from the Group Section, and a member from the Couple/Family Section interested in joining us.

The e-Journal retains its specificity in a new format. It will be published twice a year. For each of these two editions, there will be a call for clinical, institutional and educational papers on a wide-ranging subject so that readers, regardless of the section to which they belong, can benefit from them in their professional practice (a trademark of the EFPP).

As a first theme, we thought that “On Beginnings” in reference to the e-Journal new format, to the beginners we are, following in Gila’s footsteps, but also – and above all –, to “beginnings” in all their forms, clinical, institutional and educational.

Please forward this email & letter to your National Networks, so that as many members of the various EFPP organisations as possible can be kept informed.

The first e-Journal is due to appear in Spring 2025.

If you think of an article of interest on the Theme « On Beginnings », please, send your article to the members of the e-Journal Editorial Committee.

We very much look forward to reading articles from the four Sections covering the theme from a variety of different angles!

The EFPP e-Journal Editorial Committee

Sanem Tayman and Malby Oliver - Co-Chairs.
